## About Us

Ted Hart and Associates are liquor licensing consultants who are committed to providing the management of licensed premises with the advice, support, training and solutions to assist with compliance with Victorian liquor licensing laws and well as recognised best practice.

Our consultants come from senior executive Police backgrounds, as well as hospitality experts. Since 2003 Ted Hart and Associates have worked with a variety of businesses and major events.

We manage and oversee all aspects of liquor licence applications, management documentation, compliance audits, advocacy services inclusive of VCAT and Panel Hearings, management of consultations with key community stakeholders and authorities, and Induction Training as well as approved RSA Training for staff involved in the service and supply of alcohol.

Whether it is for licensed premises that have major sporting or musical events, nightclubs, sporting clubs, bars, hotels, restaurants or bottle shops.

If you are setting up a new business, buying an existing business or want to develop, extend or improve the management or operations of your business, we can support you with our range of services.

## Services
